# Walkout of 175,000 in Soft Coal Pits Under Probe by Justice Department

## POSSIBLE ORDER TO HALT MOVE IS CONSIDERED

Rep. Smith Informs House New Labor Law May Lack Power to Stop Mine Strike

WASHINGTON, June 24 (AP)—Government officials reported tonight the Justice department is investigating the sudden walkout of at least 175,000 soft coal miners to determine whether an injunction could be slipped on John L. Lewis and his union.

This was reported as Rep. Howard Smith (D-Va.), told the House the new Taft-Hartley Labor law may not be sufficient to stop the "national calamity" of a coal strike.

The walkouts followed yesterday's passage of the new labor law over presidential veto, and some miners raised the cry: "Let the senators mine coal."

Smith urged extension of government plant-seizure powers.

Also, the National Coal association said that a full-scale national strike seems to be developing, apparently in "a clear violation" of the Taft-Hartley law.

The bituminous coal pits will be under government operation until June 30 and the Supreme court's decision of last March left the way open for another injunction against the miners' leader and United Mine Workers if the Federal contract is broken by a strike.

Technically, the miners were put on their "good behavior" by the high court when it returned all but \$710,000 of the \$3,510,000 contempt of court fines imposed by Federal Judge T. Alan Goldsborough for the strike last fall.

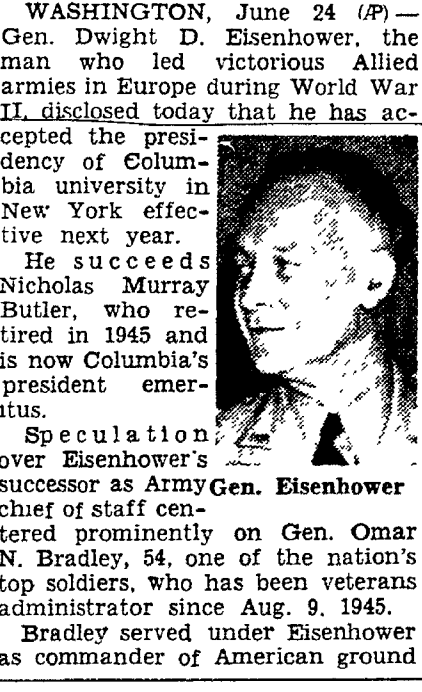

The Federal officials, who asked not to be identified, said the Justice department attorneys were looking into the current walkouts to find out whether the miners were idle of their "own volition" or under coaching from Lewis or other union leaders.

The Taft-Hartley act provides for the Government to seek an injunction to halt national emergency strikes, but the President would be required to appoint a board of inquiry to report to him first. That would require many days and possibly weeks.

The Justice department attorneys were looking into the question whether an injunction could be obtained without using the new law.

An author of the Smith-Connally War Labor Disputes act, Smith proposed that Congress extend for a year from June 30 a provision in

## Eisenhower Appointed To Columbia U. Post

Gen. Dwight D. Eisenhower, the man who led victorious Allied armies in Europe during World War II, disclosed today that he has accepted the presidency of Columbia university in New York effective next year.

WASHINGTON, June 24 (AP)—Gen. Dwight D. Eisenhower, the man who led victorious Allied armies in Europe during World War II, disclosed today that he has accepted the presidency of Columbia university in New York effective next year.

He succeeds Nicholas Murray Butler, who retired in 1945 and is now Columbia's president emeritus.

Speculation over Eisenhower's successor as Army Gen. Eisenhower chief of staff centered prominently on Gen. Omar N. Bradley, 54, one of the nation's top soldiers, who has been veterans administrator since Aug. 9, 1945.

Bradley served under Eisenhower as commander of American ground

## WEST VIRGINIA MINERS START RETURN TO JOBS

All UMW Men Leave Jobs in Alabama; Others Also Protest Labor Law

PITTSBURGH, June 24 (AP)—The first work return by angry coal miners who left their jobs in protest against passage of the Taft-Hartley labor bill was reported in West Virginia tonight, even as the number of idle crept past 175,000.

The back-to-work movement was underway in Monongahela county where the Osage mine of Pittsburgh Consolidation Coal company reopened with about one-half the normal night shift of 100.

At the National No. 5 mine of the Christopher Coal company, Charles A. Braney, head of the United Mine Workers local, said the men there had voted to return to work after an appeal by Leo Wisniewski, UMW field representative.

Alabama, where the walkouts started yesterday, counted all its 20,000 soft coal miners idle. Only three of the state's 82 rail-connected mines—all three non-union—were working.

In the nation's top-coal producing states, Pennsylvania had 41,000 idle and West Virginia, 31,000. Seven other states also were hit by the wildcat strikes.

Virtually all the strikers are members of the AFL-United Mine Workers, although 1700 Progressive Mine Workers joined the walkout in Illinois. The walkouts, which concentrated in the soft coal fields, occurred without union sanction.

One operator's spokesman in West Virginia who declined use of his name predicted that half of the state's strikers "will be back on the job tomorrow."

The Navy Coal Mine administration's Pittsburgh district office estimated the coal production loss today in Pennsylvania alone at 209,000 tons.

Walkouts in the pits hit the steel industry quickly and hard. The U. S. Steel corporation's Western Pennsylvania mines produced only 25 percent of capacity for a loss of about 40,000 tons. All of the Jones & Laughlin Steel corporation's "captive" pits were down with production loss estimated at 20,000 tons.

Senate action over-riding President Truman's veto of the Hartley-Taft measure barely had become history before the miners began their demonstrations.

Some Pennsylvania miners were tunneling for coal deep below the

## Pottstown Car Involved In Fatal Berks Crash

Arthur N. Wade, 23, of 472 North Charlotte street, last night was involved in a freak three-car accident which brought death to a 42-year-old Coatesville woman on a lonely section of the Morgantown road three miles north of Morgantown.

Death resulted from a broken neck. Mrs. Dena Demetris received when she fell beneath the wheels of an auto driven by John W. Klein, Wynonissing, Berks County Coroner Paul D. Good said.

The victim's daughter, Victoria, was treated at Reading hospital for shock.

State Troopers Leslie Davies and David Martin, of the West Reading barracks, said the two women were standing beside their auto, parked on the side of the road with a flat tire, when Wade's auto struck it on the rear left fender.

The impact of the crash combined with the slippery shoulder on which the parked vehicle rested jolted the Demetris car across the highway. The two women jumped clear of the skidding car.

Meanwhile, the troopers said, Klein's car, approaching the scene cautiously, swerved to avoid hitting either of the cars. In this effort Klein drove off the side of the road and up an embankment.

It was not clear whether Klein's car hit the woman first as she jumped out of the path of her own car or whether her car nudged her into the way of Klein's vehicle, State police said.

She fell beneath the wheels and died instantly at 6:40 p. m. Klein told police he was traveling slowly at the time he struck the victim.

## French Workers Strike In Protest of Tax Bill

PARIS, June 24 (AP)—Approximately 200,000 French workers were on strike tonight in protest against Premier Paul Ramadier's new tax bill, adopted by the national assembly today over Communist opposition.

The walkouts, affecting coal mines, banks and important industries, threatened serious inroads in the authority and stability of Ramadier's non-Communist government on the eve of crucial European negotiations.

The tax bill—which will raise the prices of such items as milk, bread, cigarettes, and gasoline—was approved 302 to 241 after an all-night, 16-hour session of the assembly. Communists and rightists voted against the measure, and 39 deputies abstained.

## Eisenhower's New Post Makes Brother Happy

MANHATTAN, Kas. June 24 (AP)—Milton S. Eisenhower, president of Kansas State college, today said he was "very happy" over the appointment of his brother, General Dwight D. Eisenhower, as president of Columbia university.

"I know he will make an outstanding university president," Milton said, adding:

"The interest in world affairs and in promoting understanding among the peoples of the world as a basis for co-operation and peace should fit excellently into Columbia's program of being a university that is international in scope."

## Lions Club Seals Its New Officers

Amid a flurry of ceremonious procedure which included presentation of the past president's diamond pin to the outgoing president, the Lions club last night installed its officers for the coming year.

William Walker took up the president's gavel as Past President James Wilke stepped down and received the pin of his station from Richard Stamm, also a past president. Both incoming and outgoing presidents delivered short talks to the 50 members present.

Other officers who were placed in their posts were William White, first vice president; M. Burr Edwards, second vice president; Paul Hoffman, third vice president; Charles Boyle, treasurer; Robert Weidner, secretary; Jesse Begel Jacob Sotter, Edward Sweeney and Clarence Smith, directors; Albert Williams, tail twister, and Clarence Smith, lion tamer.

C. Edmund Wells was the initiating officer.

## Peters and Hillegass Again Candidates For County Offices With GOP Blessing

Two Montgomery county commissioners, Frederick C. Peters, Ardmore, and Foster C. Hillegass, Pennsburg, yesterday announced their candidacy for re-election to office on the Republican ticket in the November elections.

Simultaneously with the announcement, William J. Boden, Pottstown Republican leader, said the Pottstown Republican organization would support both men in their candidacy.

Both Hillegass and Peters have long served as county commissioners. Hillegass, who is president of the county commission, was appointed to the post by Judge Harold G. Knight in 1937 to fill the

unexpired term of Commissioner William Ridgway who resigned. He was subsequently elected to office in 1939, and re-elected in 1943.

Peters was elected to his post in November, 1935, took office in January, 1936, and has been re-elected to the commission in succeeding elections. He was formerly an assemblyman from the First Legislative district and served in that capacity for eight terms. During one term of his State office, Peters was chairman of the highway committee of the House of Representatives.

## Commissioners Seek Re-election

Candidates of Foster C. Hillegass (left), Pennsburg, and Frederick C. Peters, Ardmore, for re-election as county commissioners were announced yesterday. Hillegass, president of the commission, has served since 1937. Peters took office in 1936.

## End of Youths' Spree in Stolen Car

State Policeman Vincent J. McGlone, of the Collegeville station, investigates the wreckage of a car stolen by two Stowe youths yesterday. The arrow points to the shattered pole on Grosstown road into which the car crashed. The two boys escaped from the car with only minor injuries.

## 20-Home Development Is Planned by Singers

In an effort to speed up the breaking of Pottstown's housing jam, 20 brick homes are planned by Singer Brothers corporation, to be built on the Saylor lumber lot, on Chestnut street between Hanover street and York street.

They will be two-story buildings, each with two bedrooms, combination kitchen-dining room, living room, private bath, and recreation room in the basement. Each home will be equipped with oil heat, the firm announced.

Plans call for a court-type development, with ten houses on a side facing ten more across a tree-lined court. The front entrance will be on the court, and an additional kitchen entrance will be available in the rear.

The new houses, which Singer Brothers expect to begin "as soon as possible," will be for sale, not for rent.

Although no sale price has been set, it was promised that the homes would be moderately priced, and suitable for purchase through GI loans.

The Pottstown zoning board of adjustment, under Jay H. Rinehart, chairman, will meet in borough hall at 8 p. m., Thursday, July 10, to pass on the builders' application for a zoning law variance.

## Suspect Is Held In Hit-Run Case

A Norristown man was held under arrest last night on charges of drunkenness but police indicated the charge would be changed to hit-run driving if it could be proved he was the operator of a car owned by him which sideswiped a Pottstown taxi cab on High street last night.

Hiram Saylor, 612 Walnut street, driver of a Hanley Taxi Service cab, told police he was going west on High street at 9 o'clock in the traffic lane next to the curb when a car coming in the opposite direction swerved across the street, sideswiped his car and kept on going.

A man whose name was the same as that on the owners license in the abandoned vehicle later was picked up for intoxication on High street near Price by Patrolman Robert Scheidt.

A witness who can prove the man was the driver of the car will change the charge against the man from drunkenness to hit-run driving, police said.

The front left fenders and headlights of both autos were completely smashed.

## Police Check Report Of Pellet Hitting Child

Police last night investigated a report that a child of Dominick Campitelli, 900 Farmington avenue, was struck by a pellet from a gun about 6 o'clock last night.

Patrolman Stanley Borow responded to the call. He reported that Absalom Christman, Pottstown RD 3, had been hired by a farmer of that section to shoot blackbirds that were eating his cherries. A stray pellet struck the child who was unharmed. The shot failed to penetrate the skin on the child's arm.

## YOUTH ESCAPES IN CRASH WITH STOLEN AUTO

Admits Theft After Car Clips Off Electric Pole On Grosstown Road

A broken, splintered electric light pole and the twisted wreckage of a stolen car bore mute testimony to the miraculous escape from death with which Richard Hospodar, 411 East Erie street, Stowe, celebrated his 17th birthday anniversary yesterday.

Both boys escaped from the wreckage with minor injuries, Hospodar sustaining lacerations of the right leg, while the other youth suffered only a bruised forehead, according to the State police.

A Good Will ambulance took Hospodar to the Pottstown hospital where he was treated by Dr. P. M. Waip. The other boy was taken to his home.

Before being taken to the hospital, Hospodar was recognized by several persons attracted to the crash and later identified to the police.

Evidence at the scene of the crash showed that the car, going north on Grosstown road, slewed out of control on a wide turn. The tire tracks cut across a wide expanse of lawn in front of two homes before leading to the shattered stump of the pole.

The force of the impact crushed the right side of the car, snapped some of the studs from the rear axle, pulled others completely through the rim of the wheel. The wheel itself hurtled yards up the road into a nearby field.

The car was spun more than 30 feet up the road, the rear fender torn off, the springs split and broken, and the gas tank a crushed mass of metal.

The shattered safety glass of the windshield indicated the violence with which the one boy's forehead hit the glass.

Although out of the borough limits, Officer Thomas A. Lawler, of the Pottstown police, conducted a preliminary investigation at the scene when Lopuski notified the police that his car was stolen. He apprehended Hospodar at the Pottstown hospital, and confronted with

## Pedestrian Injured When Struck By Car in Crossing Street Here

Elmer Richards, 41, of 323 North Evans street, last night suffered a fracture of the right leg and possible fracture of the other when he was knocked down by a car as he was crossing South Hanover street.

The driver of the auto, Paul W. Patton, Reading, told police he was going south on Hanover street at 9:40 o'clock and was approaching the South street intersection when he saw a man start to cross the road in front of him, proceeding from the driver's right to his left.

The pedestrian, he said, reached the middle of the thoroughfare, paused and then started to retrace his steps.

Thinking that the man would stay in the center of the street, Patton said he drove on, paying him no heed.

When the victim suddenly began his retreat, the driver explained, it was too late, even with brakes applied, to avoid hitting him.

Richards was taken by a Good Will ambulance to the Pottstown hospital where he received emergency treatment for the fracture and possible break and a laceration of the scalp. He was admitted.

Patton, accompanied by four Reading friends, was on his way to the home of his brother, Del, for a fishing trip.

Patrolman Lewis Borgie and Stanley Borow investigated. Two cars were slightly damaged when they collided at the corner of High and Hanover streets at 6:25 o'clock yesterday morning.

George W. Stoffel, Pennsburg, driver of the first car, told the police he collided with a car driven by Frank H. Dice Jr., Pottstown RD 3, which was making a left hand turn on to High street, when his vision was obstructed by the car in front of him.

Patrolman Robert H. Houser, of the Pottstown police, investigated.

# CROP, PROPERTY LOSSES MOUNT IN MIDWEST

Flood Crests Bear Down On Towns; Railroads, Highways Washed Out

OMAHA, June 24 (AP)—Crop and property damage mounted today as midwest floods, which already have taken a toll of lives, spread out over thousands of acres of corn and wheat and washed out railroad lines and highways.

The same flood crests which bore down on new communities were cutting heavily into crop prospects previously described by the Agriculture department as bumper.

Major Gen. Lewis A. Pick, the Army's Missouri river division engineer, said "Up to the current floods our preliminary estimate of flood damage in the Missouri basin this year was about \$60,000,000. These floods will boost that figure considerably higher."

Residents in low-lying areas of Des Moines were warned the Des Moines river would rise to higher levels than in 1944 and inundate parts of the Iowa capital city. Severe flooding was predicted for lowlands between Jefferson, Ia., and Des Moines on the Racoon river and between Boone and Des Moines on the Des Moines river.

The weather bureau issued a warning to residents along the Platte river from North Bend, Neb., to the river mouth—a stretch of more than 50 miles. The bureau said there was possibility of rains up to three inches in Nebraska Thursday or Friday. Such rains, with the sodden ground unable to absorb them, could cause new inundation.

In southeast Nebraska at Rulo the Missouri river boiled up toward an expected new record level. The eastern Nebraska town of Columbus was one-fourth under water, but high waters of the Loup river were receding today from the town of about 8000. In northeast Nebraska the unruly Elkhorn, crossing highways and tearing out railroad bridges and trackbeds, rushed down toward Norfolk. Like most communities along the Elkhorn, Norfolk with a population of about 11,000 lies mostly on ground high enough to escape major damage.

# Gasoline Shortage Forces Company to Cut Distribution

CHICAGO, June 24 (AP)—A shortage of gasoline in the face of growing demand today forced Standard Oil company to allocate its output during June, July and August in 12 of the 15 states it serves, the company announced.

The allocation system, which will amount to approximately a 15 percent cut in the company's current distribution, is the first consumer restriction of its kind since gasoline rationing ended in August, 1945.

The company said it could deliver supplies this summer approximately equal to those delivered a year ago. However, current demand is about 15 percent above last year, it added.

"The making of very large amounts of heating oils during the past winter and Spring cut seriously into gasoline yields during that period," the company said in a statement. That reduction, plus unexpected heavy demand, particularly from the farm trade, has reduced the company's refinery and terminal stocks of trade to a level which is 30 percent below that of a year ago.

# Army's Newest Jet-Bomber in Test Flight

The Army Air Forces' first six-engine jet bomber, the Martin XB48 takes off at Baltimore, Md., for its first test flight, a 37-minute cruise over the Atlantic Ocean and Chesapeake Bay. The Army lists the speed of the plane as "over 480 miles per hour" and its bomb load as over ten tons.

# Britain Speeds Preparations For Talks on Marshall Plan

LONDON, June 24 (AP)—The British foreign office rushed preparations tonight for the three-power Paris conference on U. S. Secretary of State Marshall's "save Europe" economic plan, and the vanguard of the Russian delegation arrived in the French capital.

The Polish ambassador to the United States, Jozef Winiewicz, announced in Washington his country's willingness to participate in discussions of the plan, and thus became the first Eastern European country to follow the lead of Russia.

Czechoslovakia also had asked and been given additional information, and the British disclosed that Denmark, Norway, Belgium, Holland and Italy had taken similar steps to interest themselves in the project.

French press dispatches from Moscow said Soviet Foreign Minister Molotov was scheduled to leave Thursday for the British-French-Russian talks in Paris beginning Friday.

For 90 minutes today William L. Clayton, U. S. assistant secretary of state, discussed with Prime Minister Attlee, Foreign Secretary Bevin, Chancellor of the Exchequer Hugh Dalton, and Board of Trade President Sir Stafford Cripps certain aspects of the fast dwindling \$3,750,000,000 U. S. loan to Britain. European economic problems such as would figure in the aid program also entered the discussions.

The foreign office was busy assembling the latest data on Britain's economic condition for Bevin to take to Paris.

Bevin was reported to feel that some time limit must be put on the Paris discussions. Associates said he would propose the holding of a European conference on the Marshall plan, and urge that all possible data on the needs of European nations be integrated into a program and submitted to Washington before the foreign ministers council assemblies in London in November.

# VETOED TAX BILL IS REINTRODUCED IN THE HOUSE

Measure Contains Only One Change; Democrats Change Mind on Bill

WASHINGTON, June 24 (AP)—The tax issue exploded again on Capitol Hill today as House ways and means chairman Knutson (R-Minn.) reintroduced the vetoed \$4,000,000,000 tax slashing bill.

It contains only one change—to make the cut effective next January 1 instead of July 1.

House Speaker Martin (R-Mass.) told newsmen the measure will be taken up "at the first favorable opportunity."

Asked if this meant action before Congress adjourns in July, he said: "We certainly are not closing the door to that."

The bill will be called up, Knutson said, "when we are sure of the necessary two thirds vote in both Houses to override another veto."

"Unless there is sufficient demand for it to put it over, action will be delayed until January," he added.

Martin said that since President Truman's tax veto last Tuesday "a lot of Democrats who voted to sustain have come to me and said they were sorry — that they have changed their minds. We are sure now that we have the two-thirds in the House. The tax cut is entirely up to the Senate."

The House sustained President Truman's tax veto last Tuesday by a narrow margin of only two votes.

An informal poll was reported to be under way to determine whether the overriding two thirds can be corralled in the Senate.

Knutson said he reintroduced the bill "with the approval" of Martin and Republican leader Halleck of Indiana.

Some lawmakers commented privately that there appears to be little chance to pass the bill before Congress adjourns in July.

"If there's a big enough demand, we'll take it up," Knutson said. "If not, we'll keep it on ice."

# Uninterrupted Production Is Chief Need In Nation, Says General Motors President

WASHINGTON, June 24 (AP)—"Propaganda from very high places" against high prices has introduced a disturbing note into the nation's economy, Charles E. Wilson, president of General Motors, said today.

But, he told the joint Congressional committee on the economic report that he sees "no fundamental reason — if the American people are willing to work for things they want — why we should have a depression."

The GM executive was the first witness at a series of hearings the committee hopes will point the way to economic stabilization.

Although he did not specifically mention President Truman's campaign to lower prices, Wilson left little doubt that was what he had in mind in giving the committee his views on the economic situation.

Asked by Rep. Rice (R-Pa.) for an explanation of uncertainty in industry about economic prospects, Wilson said it "is the consequence of propaganda" against high prices "from very high places," and added:

"Pessimistic talk about here (in Washington) about prices being too high is a disturbing influence generally."

When Rice asked how the propaganda can be stopped, Wilson replied that eventually "the truth will prevail."

Senator Myers (D-Pa.) asked whether it was Government propaganda "that caused the tremendous increase in meat prices the last few days."

Wilson said that if the committee wanted to talk about food prices, he wanted to say that the removal of meat ceilings last June when OPA lapsed, then restoration and removal again, was not a good thing.

"I don't think that one was

# Lightning Hits Plane Approaching Destination

NEW YORK, June 24 (AP)—A commercial airliner, with 26 passengers aboard, was struck by lightning late today as it approached La Guardia field, and the right alleron of the ship was put out of commission, but the pilot landed the craft safely with the passengers unaware of the accident.

Capt. R. E. Lee, pilot of the United Air Line plane, en route to New York from Chicago with a stop at Cleveland, said lightning hit the ship as it was flying at under 1000 feet in a landing approach.

### Second Fire Alarm Box Installed at The Hill

Borough Electrician William H. Price Monday installed a second fire alarm box at The Hill school. A new box, No. 21, was placed in the kitchen of the main building of the school. The other box, also numbered 21, has been in the power house for years.

Price said he is awaiting new boxes which will be placed in the two local hospitals. They will be installed as soon as they arrive.

### One-Way Movement Of Concourse Traffic Studied by Group

A lengthy discussion regarding proposed motor traffic regulation on the concourse at the Reading railway company's station approachways featured Monday night's meeting of the police committee of borough council held at borough hall.

Complaints were aired regarding operation of automobiles at high rates of speed. It was suggested by representatives of the company that traffic be regulated to proceed one-way from High street to Hanover on the concourse. Suggestion was made that a light to be synchronized with the crossing gates should be placed at the Hanover street end.

James Godman, of Philadelphia, superintendent of the railway police; L. R. Mumper, superintendent of the Reading

division, and Officer George E. Stroup, of Pottstown, appeared for the company.

No decision on the plan was made by the committee.

Parking conditions on the east side of Hanover street between Queen street and a point above Harp's garage also are being studied and members of the group made a trip there.

Bids for new parking meters to be placed on King street and also on Hanover street between King and Chestnut streets were opened. Borough Manager Dow I. Sears said no contract was awarded.

Present at the meeting were Chairman Leo Sparr, Charles Satterthwaite, William Bernhart, Allen K. Davidheiser and J. Max Creswell, of the committee; Burgess William A. Griffith, Borough Manager; and Chief of Police James A. Laughhead.

### Garbage Can Thefts Reported to Police

Police were notified Monday that several large sized garbage cans were stolen from in front of the Levengood apartments, West High street.

Several additional notices regarding cutting of weeds were sent out by Borough Manager Dow I. Sears.

Five magazine solicitors took out permits at borough hall in accordance with the new license ordinance. The permits cost \$5 each and are good for one year.

### There's More Inside the Tent, Too

Don't let this picture fool you! Just because six members of Cub Scout Pack 53 stand apparently noiseless before one of their side-show tents is no reason to assume you can attend their miniature circus without earplugs. Short on scope, but long on commotion, the cubs will present their show to the public at 6:30 o'clock tonight in a lot on Manatany street, between Second and Third streets.

The Rev. W. O. Wolford, Fogelsville, will be the principal speaker at the services.

The officers for the reunion are Robert G. Weller, 1034 High street, president; Linwood Ott, Boyertown, vice president; William C. Weller, 1121 High street, treasurer; and Mrs. James R. Bower, Oley, secretary.

### Kiwanis Aims Outlined For Pottstown Members

Dr. W. W. Eshelman, a former president of the local Kiwanis club and one-time supervising principal of West Pottsgrove High school, last night told Kiwanis of the objectives and meanings of the organization.

Among guests at the affair were a number of West Pottsgrove residents who attended the meeting to greet Dr. Eshelman and discuss the possibility of founding another branch club in Stowe. No action was taken last night.

### Business Club to View Pictures of Conventions

Members of the American Business club will view motion pictures of the club's national conventions for the past two years at their meeting in the Elks' home at 6:45 o'clock tonight.

The pictures will be shown by Vernon Brooks, a member of the Norristown chapter of the club, and several other members of the chapter are expected to attend.

The meeting will be followed by a special meeting of the board of governors and a meeting of the Scout committee.

### INJURED IN ACCIDENT

Grant Mervine, 21, Douglassville RD 1, was admitted to Reading hospital Monday night with severe lacerations of the right hand, incurred when he pushed his hand through the window of his car as it went into a skid on loose gravel.

For the finest in Air Circulation

To behold in operation—with its smooth, murmurless currents of fresh air swirling 'round you—this is a thrill you'll relive again and again as you use a Vornadofan. Draftless, gentle billows, powerfully driven by a new principle in air circulation, cool as they refresh as they soothe. You simply must see it all in a demonstration to understand how and why. Come in and let us show you.

**6 REASONS FOR Vornadofan SUPREMACY**

1. Compressed air is thrust through cones in greater volume.
2. High-pitched propeller blade "bites" off and circulates more air.
3. Air is put into a spiralling motion that bores through space.
4. Mounted in rubber, motor is noiseless, chatter is eliminated.
5. A special, patented cone construction absorbs air noises.
6. All moving parts are enclosed for safety and silence.

### High Street Parade Starting at 1 p. m. to Open July 4 Event

Further plans for the triple fire apparatus housing event on July 4 under the sponsorship of the Pottstown fire department were discussed last night at a meeting of committees. The big parade will start at 1 p. m. and proceed on High street from Green to York streets thence to Memorial park, North Manatoway street.

Robert Roth, chairman of the refreshment committee, reported stands will be located along the route of parade with attendants from auxiliaries of the three local companies. At Memorial park, Henry Schmoeyer will be in charge of the stand.

Following the parade, festivities will start. All announcements in regard to parade prize winners will be made. Special prizes will be awarded at 8 o'clock in the evening. At 9:30 o'clock a \$1000 display of fireworks will be held. Charles Dimino is chairman of the fireworks committee.

Announcement was made last night that 64 fire companies have accepted the invitation to participate in the parade, with 13 auxiliaries also in line. There will be 35 musical organizations. The parade will be held rain or shine.

### Caught Between Floors in Elevator

Two girl employees of Pottstown hospital spent several anxious moments Monday night when they were unable to open the doors of one of the hospital's automatic elevators which stuck six inches below the floor level.

The two girls, Jean Endy, 346 Lincoln avenue, and Phyllis Cranch, 344 Oak street, who work for the hospital dietician, entered the elevator at the basement level with dinner trays for the patients. As they pushed the button, the car slipped and stuck. Unable to open the doors, the two girls watched through the window in the outside door for three minutes until they saw someone coming down the hall.

The doors opened easily from the outside, and the girls delivered the dinner trays by using the other elevator.

A simple adjustment by a repairman had the elevator operating again soon after.

## Boyertown Fire Companies to Present Mock Demonstration to Public Tonight

The complete fire fighting, life saving and emergency services in this community will be placed to a test in a public demonstration tonight at 9 o'clock at the corner of Fifth and Walnut streets.

An alarm will be sounded shortly before 9 o'clock, when all of the town's trained workers will swing into action to "extinguish a fire" in a brick garage owned by William B. Gottshall, located near the intersection of Fifth and Walnut streets. The Boyertown Burial Casket company alarm will not be sounded, however, for the mock demonstration.

The Friendship Hook and Ladder company apparatus will proceed to the scene, followed by the Boyertown community ambulance and the Keystone Fire company apparatus. Several "fixed accidents" are scheduled to take place and a call will be placed for the iron lung and the second Keystone apparatus will be called to the scene.

Reservations will be made this afternoon by the Police department to restrict parking along Fifth street, between North Reading avenue and Walnut street, and along Walnut street, near the intersection for the placement of apparatus and for spectators.

Besides local spectators, the first aid and accident prevention committee of the Reading chapter of the American Red Cross will be on hand to witness and judge the demonstration.

The first aid demonstration will be in charge of Jack B. Kline and Ralph C. Horn, local first aid instructors, who recently completed instructing a class of 14 first aiders of the Friendship and Keystone Fire companies.

The fire company apparatus will be in charge of Titus E. Edinger and Daniel Rohrbach, respective chiefs of the Friendship and Keystone companies. Others to assist the firemen are Randall Knoos, Henry Johnson, Gordon Gabel, James Christ, Lester Grim, Harry Eisenhart, Ralph Christman, Harvey Schaeffer Jr., Walter A. Yergler and William DeAngelo.

Fire policemen on duty to direct traffic, etc., are Russell Brooks, Paul Spohn and Earl Miller.

Patrolman Henry E. Groff and Grant M. Groff will direct the Police department's supervision over traffic at the event.

Besides Kline and Horn, the following community ambulance drivers will take an active part in the life saving and first aid phases of the test: Norman S. Gotwals, Howard B. Schanely, Howard Remert, Henry Steller, Ralph W. Rhoads and Glenwood Fronheiser.

## Woman Falls at Home, Fractures Knee Cap

Miss Mantana Anthony, 335 East Philadelphia avenue, fell at her home yesterday afternoon and suffered a fractured knee cap. Dr. C. B. Dotterer was summoned and ordered her removed to the Reading hospital. The Boyertown Community ambulance, driven by Norman S. Gotwals and Howard B. Schanely transported Miss Anthony to the institution.

## Limerick Man Buys County Line Inn, Old Landmark Here

The County Line Inn, one of the best known landmarks in this vicinity, was sold to Henry Widemeyer, Limerick, according to an announcement made yesterday.

The sale was made by James J. Moore, Gilbertville realtor, from John Z. Harner, of the Boyertown Realty corporation, to Widemeyer. The sale price was not announced.

The large hotel is located along the county road, about 1000 feet east of the borough line and is situated in Montgomery county just near the Berks-Montgomery line.

Lawrence M. Klick, the present operator, has been proprietor of the establishment the past 15 years.

Widemeyer plans to modernize and improve the large structure and operate the hotel business. He formerly operated and owned the Swamp and Monterey hotels.

The County Line inn is the former John Fegley boarding house, situated on the Fegley farm. This establishment had made a bid towards fame in recent years prior to the advent of the automobile.

Guests from as far as Philadelphia and New York City would travel to Pottstown and Boyertown Reading company stations by train and would there be met by Fegley's well known rubber-tired fancy carriage. The guests would be transported to the hotel and spend the Summer there. A beautiful coach dog would travel in his proper place just behind the horse and guests usually marvelled about the "style" of the Fegley manor and its achievements.

The farm surrounding the hotel was operated by Fegley and his workers, and mostly fresh vegetables and fruits were served the guests in those days. In addition to a score of rooms, the hostelry boasted of a "modern barroom" in those days and a large swimming pool, located to the right of the concrete highway. The pond would be permitted to freeze in wintertime for ice skating and once each year the ice was harvested and kept in a large storage house at the rear of the hotel for the next summer's use.

## DEATHS - FUNERALS

Funeral services for ANNIE (RAUCH) DERR, wife of Frank J. Derr, BARTO RD 1, were held yesterday at 1:30 o'clock from a funeral home at 124 West Philadelphia avenue, Boyertown. Continued services were held in Huff's Church, the Rev. James N. Blatt, pastor, officiating. Interment was in Huff's Church cemetery.

## Accused Slayers, Jurors Are Taken To Tragedy Scene

SANTA ANA, Calif., June 24 (AP)—Louise Overell, 18-year-old heiress accused of slaying her parents, was taken back today to the yacht where they died and for the first time, publicly at least, her stoic calm was broken.

She stood on a dock at nearby Newport Beach as jurors paraded by to study the scene of the dynamic deaths of financier and Mrs. Walter E. Overell. She bit her lip as she watched them climb a ladder to the deck. She shook her head, obviously trying to fight back tears.

Finally they came, only a few. She strove to hide them, brushing them away. Then, as it appeared she might break down completely, she was hustled back to the semi-privacy of the sheriff's big car.

It was the opening scene in a court drama which, in the next two months is to decide whether she and her 21-year-old boy friend, George Gollum, are guilty of the double slaying. Gollum, without handcuffs, accompanied her today. He too was solemn.

The jurors—selected finally yesterday after a month of tedious questioning—went aboard four at a time. Superior Judge Kenneth E. Morrison accompanied each quartet. Earlier, in court, he had warned them that the trial was still in session; that they were not to speak during what he called their "visual study of the scene" or aboard the charter bus which carried them from here to the beach, an eight-mile trip.

## STRIKE ORDERED IN ITALY

ROME, Wednesday, June 25 (AP)—The Communist-dominated Italian General Confederation of Labor ordered its 6,000,000 members to stage a nation-wide half-hour general strike today in protest against the recent killing of at least two persons in attacks on Communist party headquarters in Sicily.

## Brotherhood Told Of Labor Relations

Refusing to let the threatening skies keep them from their schedule, 24 members of the Zion's Reformed church Brotherhood trekked down to Sunnybrook last night for a softball game.

As it turned out the indomitable group was rained out, but refusing to let the inclement weather get them down completely, adjourned to the Sunday school of their church where they held their business meeting and social hour.

Speaking on the topic for this month, "What Should Be Our Attitude Toward Labor-Management Relations?" Paul Mohler, of Parkersburg, an employee of the Bethlehem Steel corporation who is especially interested in the operation of unions, told the members some of the working of a typical industrial labor union.

He described the functions of the United Steel Workers local, its benefits to the members, and told of the methods of negotiating contracts with the company.

Stanley Emery, president, was in church of the meeting, and Harold Casselberry took over the devotional service.

The next meeting will be held on July 22 at Ringing Rocks park, where the Brotherhood has planned a softball game and doggie roast, weather permitting.

(Continued From Page One)

that act empowering the government to seize strike-bound factories and mines.

Government possession of the mines, in which the miners have been kept at work by a government contract, now is scheduled to expire along with the contract June 30.

Smith said the Taft-Hartley provisions, including provision for 80-day injunctions to stall "national emergency" strikes, is insufficient to meet the situation of a coal strike. "They could stop it only for a comparatively short time," he said. "We ought to do something to give the President the additional power he might need to avoid a national disaster," Smith told the House. "He might need this power at a time when Congress is not in session."

However, Senator Taft (R-Ohio) told reporters that he is opposed to extending blanket seizure powers. He said the government should act on emergency situations only at a time and should wait until there is a "serious emergency." As to coal, he said he understands there is a record stock above ground.

Also, Taft said of the coal association's "violation" report that he can see no present violation of the Taft-Hartley law. He said it isn't violated, until there has been an injunction against walking out.

The only thing the miners now might be accused of violating, Taft said, is their contract with the government to work until June 30.

The National Labor Relations board promised in a statement "to give the new act the fairest and most efficient administration that lies within our power."

Signed by Chairman Paul M. Herzog, John M. Houston and James J. Reynolds Jr., the statement hinted that employees who don't want to carry out the assignment given the board by Congress should resign. It said:

"All who accept that trust must do so with single-minded purpose to carry out the congressional intent."

Board Counsel G. Panvian Arkel offered his resignation yesterday, saying he had "grave doubts" of the law's workability. The board accepted the resignation today.

## BELLEWOOD EVENTS

(Continued From Page One)

Kindian's Circle K Ranch, Center Point. Number of entries arriving on the Bellewood grounds so far this week have not reached expectations. Officials of the Horse association believe that, because many of the horses competed in shows elsewhere this past weekend, owners are giving the animals a day or two of rest before proceeding to Bellewood.

Accommodations for the champions and would-be champions have been marked improvements this season. Two hundred and twenty box stalls and tents have been erected into two rows, each 400 feet long, and all have better illumination than ever before.

Borough activity relative to the horse show will start when an army of at least 2000 school children from all local crannies and corners of town are expected to pinpoint themselves at the doors of a local automobile agency this morning at 9 o'clock. As many tickets to the Children's Day program of the Bellewood show will be given away, first come first served.

Plans call for the children to assemble Friday morning in a parade led by the Six-Horse Clydesdale hitch, a sound truck, and the gayly-painted wagon of a local beer distributor. From a central point in town, the children will "hoof it" to the Bellewood area.

Several store window displays on High street are currently depicting the Bellewood event with the showing of horse show magazines, riding habits and equipment, and various other articles pertinent to the affair. Prophets to be awarded championships are also on display in downtown shops.

The show this year has been scheduled in early Summer rather than the Fall because of the lessened possibility of inclement weather. Also, due to the switch, a heavier turnout is expected to witness the three-day program of horsemanship.

## School Tax Rate Boosted In Lower Pottsgrove

Announcement has been made by the Lower Pottsgrove township school board that the school tax rate has been raised from 12 to 14 mills. A budget based on the higher tax rate will be discussed at the next regular meeting of the board next Monday night. President Norman Schaeffer will be in charge.

The board will send pupils of the Seventh and Eighth grades to the Pottstown Junior High school next term. There are 45 to 50 pupils in the group. The board will pay for bus service for the pupils as well as their tuition. The township board has been sending pupils of the ninth through 12th grades to the Pottstown schools.

The death penalty is imposed in about two out of every 100 murder cases in the United States.

## EISENHOWER —

(Continued From Page One)

ing the Army, he would "like to utilize his energies in something connected with public service of a non-political nature."

Eisenhower has repeatedly eschewed friendly efforts to boom him as a 1948 Presidential candidate, declaring he is a life-long professional soldier and that military training is not the best for an occupant of the White House.

A close associate said that Gen. Eisenhower did not feel that in leaving before his term as Army chief of staff had ended he was in any sense walking out on a job. The general feels that there are plenty of people to carry on—men like Bradley and younger men, it was said.

Gen. Parks said Eisenhower would retain his five star rank and salary and compensations which amount to about \$15,000 a year. There was no information here how much he was offered by Columbia.

He is the second member of his family to become a university head. His brother, Milton, is president of Kansas State college.

In New York, Frederick Coykendall, chairman of Columbia's board of trustees, said of the selection of Eisenhower:

"The trustees have sought a man who, as head of one of the great institutions of the city and the nation, would not only command confidence and respect but would also carry on and promote those ideals fostered by Nicholas Murray Butler which, in his own phrase, have made Columbia university an important influence in developing New York as the intellectual center of the world."

"The trustees believe that General Eisenhower, in the field of education, as in his former activities, will be a great leader and a worthy successor to the man who for so long has been recognized as one of the foremost of America's educators."

Dr. Frank D. Fackenthal, former provost of the university and acting president since Butler's retirement, will continue as head of the institution until Eisenhower assumes the post, the trustees said.

## Birdsboro RD Motorist Fined on Two Charges

Charged with being disorderly and parking an automobile on the south side of High street, east of Green street, at 3 15 o'clock yesterday morning, Earl Leroy Baer, 26, of Birdsboro RD 2, was given a hearing at borough hall last night by Justice of the Peace Raymond C. Kelley, of the Second ward. He paid a fine of \$10 on the disorderly charge and a \$1 fine on the illegal parking charge and the costs in the case.

Baer was arrested by Patrolman Robert Houser yesterday morning. Baer was asleep in a car which was parked on the wrong side of High street. Houser appeared as a witness at the hearing.

## Late Showers Follow Day of Clouded Skies

Blasting the weatherman's rosy predictions of mild Summer weather for yesterday, nature took things into her own hands and produced a sky full of clouds in the afternoon, turning them into scattered showers during the late afternoon and evening.

The mercury, too, had a bad time of it, with chill breezes blowing intermittently that allowed the thermometer to rise no higher than a scant 76 degrees at 2 o'clock in the afternoon.

Today should be a duplicate of yesterday's state of affairs, for the forecaster promises partly cloudy skies with a few scattered showers and little change in temperature.

## COAL MINERS —

earth when they learned the news. They quit work immediately. A tabulation of idle based on mine operator and mine union sources included: Pennsylvania 41,000; West Virginia 31,000; Kentucky 30,000; Illinois 24,700; Alabama 20,000; Virginia 11,000; Ohio 6,000; Tennessee 5,000; Indiana 5,245; and Utah 1,200.

The walkouts occurred three days before a 10-day paid vacation for AFL miners which will be heralded the passage of the pits from government control back into private ownership.

Nine local leaders said bluntly the vacation probably would continue into a full-fledged strike under the union's traditional "no contract, no work" policy if the operators and the UMW do not reach an agreement.

A spokesman for the coal industry said in Washington that he believed the present walkouts clearly violated the new union curbing law. However, a precedent for the wildcat strikes was set less than a fortnight ago on a smaller scale.

Then, Western Pennsylvania miners protesting House passage of the measure walked out in many pits. This demonstration spread to Indiana and idled about 20,000 before the miners returned to work at the behest of their union leaders.

Mine union leaders here declined comment on the current strikes other than to disclaim responsibility but one who asked that he remain unidentified said he believed "all of the pits will be down."

## Brookside Juniors Entertained at Supper and Dance

Brookside Juniors gathered last night in the clubhouse for a buffet supper and dance, the first activity staged for them this Summer.

The buffet table was decorated attractively with red roses and tall lighted tapers while the individual tables were centered with lovely arrangements of mixed flowers.

Following the supper, the teenagers tripped the light fantastic to the strains of Paul Hoffman's orchestra.

Hostesses at the affair were Mrs. Charles Baylor, Mrs. Stanley Skean, and Mrs. Thomas Storm.

Mrs. J. Robert Gray, chairman of the Junior activities committee, announced a doggie roast for the Juniors would be held at the club, July 24.

She also announced the committee made swimming and tennis instructions available for members of the club. Tennis instructions will be given every Monday, Wednesday and Friday morning by Mr. William McCabe. Swimming instructions will be given by Fanny and Daisy Goodyear each Wednesday and Saturday morning during the Summer months.

Those attending last night's gay affair were Anna Mae Gallo, Nancy and Bonnie Ash, Betty Pierson, Nancy Moore, Joan Dillman, Sandra Skean, Doris Knause, LaRue Davidheiser, Patty Becker, Nancy Baylor, and Carolyn Gray.

Also Bill Cowperthwaite, Clymer Brooke, Barry Kessler, Harrie Burdan, Ira Gruber, Dick LaRose, Dick Houck, Richard Sands, George Seidel, Robert Gauger, Tom Storm, Bruce Binder, Bill Wenstrom, Spencer Yerger, and Jack Pegely.

## Lynne Seeders' Betrothal Revealed At Birthday Party

At a private birthday party at Camp Taniment in the Poconos Saturday, June 14, the engagement of Miss Lynne Seeders, daughter of Mr. and Mrs. Leon H. Seeders, 344 Chestnut street, to Mr. William J. Schinstine, son of Mrs. Ruth Schinstine, Easton, was announced.

The engagement was made known in a novel manner, being broadcast from the orchestra stage by the leader of the band of which Mr. Schinstine is a member.

Miss Seeders is a graduate of the Pottstown High school, class of 1944, and of the Taylor Business school, Philadelphia, class of 1946. She is employed as secretary at the Radio Electronics Institute in Philadelphia.

Mr. Schinstine is a graduate of Easton High school and the Eastman School of Music, Rochester, N. Y. After serving in the Army, he has been associated with the Washington Symphony, the Pittsburgh Symphony, and the coming season he will play with the San Antonio Symphony of Texas.

No date has been set for the wedding.

## Nuptials Performed In Valley Forge Chapel

Mrs. Alice Whitacre Winchell, Drexel Hill, daughter of Mrs. William S. Whitacre, 1040 Queen street, and Mr. Joseph Hyde, Cape May, N. J., were married in Valley Forge Memorial chapel Monday noon.

A reception and luncheon was held in the Valley Forge Golf club immediately following the ceremony.

After a motor trip through the New England states and Canada, Mr. Hyde and his bride will spend the Summer at Cape May, N. J.

Those attending from Pottstown were Mrs. William S. Whitacre, Mr. and Mrs. Joseph R. Whitacre and son, Edward, and Mr. and Mrs. James E. Whitacre.

## Girl Scout Leaders To Hold Final Outdoor Meeting

An outdoor cooking and fire-building course conducted the past six weeks for Girl Scout Leaders of Pottstown under the direction of Mr. Joseph Landis, Mr. Harry Shollenberger and Mr. Waverly Klehl, of the Boy Scout organization.

During the six weeks, the leaders have learned to teach their troops how to build various fires; to know different kinds of wood and their uses; how to make green stick meals and desserts; how to make one pot meals; how to make a bean hole and cook a meal in it, and some reflection cooking. They also had a knife and axe demonstration.

The final meeting will include new ideas on craft gadgets, a charcoal demonstration, a blanket roll demonstration and a general health talk for campers.

All leaders were urged to attend tonight's meeting. They were asked to meet at the YWCA not later than 7 o'clock to go to Manatwamy Park. It was announced no meals would be cooked at the meeting.

Taken back to the scene of the crime, Hospador was turned over to the State police of the Collegeville station who had been summoned to the scene.

He was later turned over to Peter Presini, probation officer for this county.

Lopuski told the police he had left the car parked in front of the shop while he went for lunch. The keys to the vehicle were locked in his office. It is not known how the two youths started the car, but police believe they crossed the ignition wires.

State police estimated the damages to the car and to the pole would amount to \$400.

convenience of an airport, Colonel Anderson and Johnson will fly from Harrisburg to Pottstown to attend the meeting. Weather permitting, the two men are expected to arrive at the Stowe airport between 11 and 12 o'clock this morning.

MacMullen yesterday urged all persons interested in obtaining an airport for Pottstown to attend the meeting of the airport committee tonight.

At this meeting the committee will decide on the method to be used in raising the \$40,000 deemed necessary to purchase the airport site and start construction.

MacMullen indicated the method would probably be a previously discussed plan where by committee members would canvass the community for funds and issue certificates of contributions to donors.

One of the points to be decided is whether or not the certificates will contain a "gentleman's agreement" to return the funds to the donors when the airport is a paying proposition.

An initial canvass for funds is expected to be made by individual committee members to get sufficient contributions to start the ball rolling, MacMullen added.

The goal for the first phase of the campaign is \$10,000. If it is reached, both MacMullen and Piersol believe the remainder will be obtained without too much trouble.

The reaction of the county commissioners to the plan following their interviews with the leading industrial men earlier in the day will be discussed at the meeting, as will the reaction of industry itself.

It is expected that the borough may be able to receive additional help through the use of county funds.

Basco previously has said he will attend the meeting tonight to publicly declare the price he is asking for the Stowe site. It will be \$25,000, the minimum figure he believes sufficient to cover the cost of the land and the time and money he has spent in its development.

Pennsburg, is the publisher of a newspaper in that community. He was graduated from the Perkiomen school in 1910, and from Franklin and Marshall college in 1914. From his graduation from college until his appointment as county commissioner in 1937, Hillegass served as editor of the Pennsburg paper which was founded by his father, Dr. Charles Q. Hillegass.

He holds many civic and fraternal positions in his community. He is a member of the New Goshenhoppen church, East Greenville, a director and treasurer of the Pennsburg Water company, a director of the East Greenville Building and Loan association, vice president of the board of trustees of Perkiomen school, a member of the board of directors of the Farmers' National bank, Pennsburg, and an advisory official of the Valley Forge council, B.S.A.

A 33rd degree Mason since 1942, Hillegass is a past master and treasurer since 1931 of Perkiomen Lodge 595, F. and A.M., East Greenville, and a member of the Lehigh consistory of the Scottish rite masonry, Allentown. He is also a charter member and past president of the Upper Merion Rotary club, a former Pennsburg borough councilman, and past president of the Press League of Montgomery and Bucks counties.

A descendant of Michael Hillegass, the first treasurer of the United States, Hillegass is married to the former Florence Moll, of East Greenville. His family were among the early pioneers and have continued to reside in this area since 1727.

He is a member of the board of the Montgomery County Historical society, a member of the Huguenot society of Pennsylvania, and a member of the Pennsylvania German society.

Peters was born in Lenox, Mass., but moved to Ardmore in 1909. A

graduate of the Massachusetts Agricultural college, he is now president of an Ardmore laundry.

A member of St. Mary's Episcopal Church, Ardmore, Peters is married to the former Mary Yarnell, of Lower Merion. They have a son and two daughters.

He is also a member of the State Republican committee, a former chairman of the Lower Merion Republican committee, former president of the Merion Fire company, Ardmore, and first commander of the Bullock Sanderson post of the American Legion.

He is now serving as chairman of the county election board, as president of the institution district, and as head of the retirement board.

The state of Washington is as large as all of New England plus Delaware.

**"UNBLOCK" your DIGESTIVE TRACT**

And Stop Dosing Your Stomach With Soda and Alkalizers

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers if the true cause of your trouble is constipation.

In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when the lower part gets blocked food may fail to digest properly.

What you want for real relief is something to "unblock" your lower intestinal tract. Something to clean it out effectively—help Nature get back on her feet.

Get Carter's Pills right now. Take as directed. They gently and effectively "unblock" your digestive tract. This permits all 6 of Nature's own digestive juices to mix better with your food. You get genuine relief from indigestion so you can feel really good again.

Buy Carter's Pills today. "Unblock" your intestinal tract for real relief from indigestion.

## Spring City Lodge Officials Re-named By Parent Body

Two Spring City lodge officials were reappointed to their posts at the recent annual sessions of the Grand lodge of the IOOF and the Rebekah assembly.

Frank H. Naylor received the majority of votes for reappointment as district deputy grand master of the Third district IOOF of Chester county, to serve for the ensuing year, and was reappointed by Grand Master Guy S. Powell, Altoona.

Lodges under his supervision are Malvern 201, Malvern, Phoenix 212, Phoenixville, Paoth 290, Paoth; Pilgrims 455, Lionville, and Vincent lodge 762, Spring City.

At a meeting of the Rebekah assembly, Mrs. Annie E. Todd received the majority of votes for reappointment as district deputy president of Chester county and was reappointed by the president of the Assembly, Ann Miller, Harrisburg. Lodges under Mrs. Todd's supervision are Lady Paoli lodge, Paoth; Hope Rebekah lodge, Coatesville; Florentina Rebekah lodge, West Chester; Flora Rebekah lodge, Kennett Square; Adelaide Rebekah lodge, Phoenixville, and Marcella Rebekah lodge, Spring City.

## Spring City Girls Hit by Motorcycle

A motorcycle, the brakes of which failed to hold at Main and New streets, Spring City, whirled across the intersection and struck two 17-year old girls standing in front of the Polka Dot, injuring both, not seriously, Monday night about 10:30 o'clock.

The girls injured were Lorraine Jones, South Main street, and Elaine Ford, Washington street, both of Spring City. Lorraine suffered from shock and bruise burns of both legs and arms. Elaine received lacerations of both legs and bruises and lacerations of the left ankle. Both were treated by physicians. Yesterday the Ford girl had an X-ray examination of her injured ankle in Phoenixville hospital.

According to Chief of Police John Hanbury, who investigated, the motorcycle was operated by Willis Tyson, 712 Church street, Royersford, with Jack Deisher, Eighth avenue and Church street, Royersford, riding in back. Neither was injured.

It was claimed the motorcycle descended the New street hill and failed to stop at the Main street intersection, because of the brakes, and skidded across Main street into the girls, who were standing in front of the display window of the store.

Spicer's Cafe stayed in second place in the American division of the YMCA Industrial Softball league with a 7-5 five inning league victory over Robinson Clay at The Hill School.

In another league session on Boden Field, Pace Snack Bar turned back NEAPCO, 10-6.

Spicer's, who set the early pace in the American division, and then fell off, regained the victory last night. Robinson Clay waltzed into a 4-0 lead after two and a half innings but in the last of the third, the winners went on a rampage and before the fire could be put out, had pushed across six runs and held a 6-4 advantage which they never relinquished.

A homer with two on by Johnnie Oseick and a double by Dick Snad driving in a pair of runs were the big blows of the inning, and sealed up the victory for Ed Ermish who limited Robinson Clay to seven safe hits.

The final run came in the fifth when Oseick led off with a double and scored when two of his mates grounded out.

Ninth Inning Rally Falls Short for Eddie Dyer's Men

ST. LOUIS, June 24 (P)—A ninth-inning rally failed to overcome the six-run lead of the Boston Braves and the St. Louis Cardinals ended up on the little end of a 9 to 6 score tonight with Billy Southworth's team. Three home runs—one each by Stan Musial, Joe Medwick and Erv Dusak—helped the Redbirds bid for their 11th victory in the past 12 starts, but Frank McCormick's double with the bases loaded proved the margin of the victory for Boston.

**ROBINSON WINS**  
CLEVELAND, June 24 (P)—Ray 'Sugar' Robinson, a careful cool and skilled workman, tonight made the first defense of his water-resistant 1-6 with a ninth round technical knockout over challenger Jimmy Doyle before 11,275 at the arena. Robinson weighed 146, Doyle 147.

**Jim Ferrier Wins PGA Title; Whips Chick Harbert 2 and 1**

DETROIT, June 24 (P)—Big, blond James Bennett Elliott (Jim) Ferrier, who sinks putts even longer than his name, today won America's 29th PGA championship over Plum Hollow's rolling fairways.

The Australian-born president of San Francisco defeated Melvin (Chick) Harbert of nearby Northville, Mich., 2 and 1, in the 36-hole title round, to become the first foreign-born entrant to win the classic since Tommy Armour, the silver Scot, turned the trick in 1930.

Ferrier, a gum-chewer who plays with the speed of a tortoise and the finesse of a billiard shark, is a sophomore at this play-for-pay fixture, but he has made good use of his two tries. Last year he set the tournament's qualifying record with 71-63-134, and this year he hit the peak by grabbing the crown.

The gentleman from down under has arrived on top.

Ferrier also, if he cared, could lay claim to the golf-crown title. For he rattled tee shots off eight galleries today as a crowd of 7000 thronged the course to boost the attendance to 5,800, far over the previous record of 36,000 set two years ago at Dayton, O.

Harbert, also a second-time entrant in the PGA and the avowed favorite of the galleries, stuck a red tee behind his right ear and started as if he would sweep the field.

Chick held a four-footer on the first, and a 15-footer on the second—each good for a birdie—to go two up, but the big fellow with the unorthodox dip in his swing remained unruffled. He canned a 20-footer on the third for a birdie, and his par on the fourth was good enough to even the match.

Each had a one-up edge during the rest of the morning session, but when they went to lunch with their wives, who trailed them around the course, they were all even.

Although the finish didn't come until the 35th hole, the decision really was reached on the 20th and 21st. On the 208-yard 20th, Ferrier's long iron smacked a spectator, and the ball rolled far down a hill, into deep grass. His second barely reached the edge of the green, but he ran down a 25-footer for his par, while Harbert needed two putts from 18 feet for his halve.

With the apparently-won hole snatched from his grasp, Harbert stood by and watched Ferrier cash in on the picture shot of the clutch on the 42-yard 21st. The Australian's drive sliced to within a foot of the out-of-bounds stakes near the equipment house, and came to rest on a huge piece of canvas, with a long line of tall, bushy trees blocking his way to the green.

**Clarence Iott Pitches Giants To 11-0 Victory Over Chicago**

CHICAGO, June 24 (P)—Manager Mel Ott, in a desperation move, sent Clarence "Hooks" Iott, recently acquired pitcher, against the Chicago Cubs today and the unsung left-hander came through with a two-hit, 11-0, triumph for the New York Giants.

Ott made the surprising nomination because he didn't want to overwork Dave Koslo, his only available starting pitcher. Koslo pitched four innings of relief ball Sunday and was slated to work today, but was sidetracked for Iott who joined the club just before game time.

**Dodgers Nudge Pirates As Redlegs Win**

PITTSBURGH, June 24 (P)—Ralph Branca pitched the Brooklyn Dodgers to a 4 to 2 win over the staggering Pittsburgh club tonight as another sellout crowd of 35,331 watched the Pirates absorb their third straight defeat. Pee-wee Reese got his eighth home run of the year for the Dodgers in the second with one aboard.

**COFFEE CUPPERS TROUNCE CO-VETS BY A 9-2 SCORE**

Joe Coccie hurled the Coffee Cup back into contention in the City Industrial league with an easy, 9-2 victory over the Co-Vets before a dwindling crowd on Franklin Field last night. Approximately 250 persons were on hand at the start of the contest, which was cut short by rain and at the finish, there were only a handful of fans who were around when umpire Dave Hartman called the game with two out in the last half of the fifth inning.

Coccie limited the Co-Vets to three safeties and had it not been for a three base error by left fielder Ziggy Yarmush, might have had a shutout.

The winners started with a single run in the first as Al Luppachino blasted a long single to center field scoring Bud Stolpe who was safe on an error and had stolen second.

Nine men costed in the Coffee Cup second and when the inning was finished, the winners held a 6-0 lead. The rally belted starter Bobby Wilkes from the mound. Doubles by Vic Putzman and Stolpe and singles by Yarmush and Luppachino together with two bases on balls were enough to sew up the tilt.

Coccie had a no hitter for three and a third innings when George Dozier lined a single to left field and then stole second. Bill Smith drilled one to left which Yarmush dropped with Dozier scoring and Smith taking third. Bill Barber beat out an infield dribbler with Smith scoring the second and final Co-Vet run. The other hit off Coccie was a triple by relief pitcher, Len Ricketts in the fifth inning.

# Pottstown Boy Scouts To Leave Sunday For Camp Delmont

A rip-roaring, red-blooded "hal-lujah" will rent the air Sunday when members of seven local area Boy Scout troops will pack various and sundry paraphernalia for a week's sojourn at Camp Delmont, in the vicinity of Summerville.

Anxious to "get away from it all," meaning the cut and dried trivia and the humdrum existence of "metropolitan" life the boys are looking forward to eight days in the rugged raw, where they will be concerned only with scout tests, advancements merit badges, and the usual gamut of scout activities.

Costly improvements on the Camp Delmont grounds have been made over previous Summers. Enlarging of the lake and the construction of a dam will allow the staging of new events.

Among those troops planning to attend the camp this Sunday are Troop 4, First Methodist church; Troop 6, Trinity Reformed church; Troop 10, Rupert school; Troop 14, St. Clair school; Troop 18, St. Joseph's Lutheran church; Gilbertsville Troop 1, and Trappe Troop 1.

Fourteen members of Troop 6 will be ready to shove off for camp Sunday. Their weekly meeting Monday night was held in the form of a baseball game at Manataville and King streets. Warren Hoover, scoutmaster, supervised the game.

Troop 10 will send 16 members to Delmont. Donald Kastle, scoutmaster, announced its meeting Monday night was a softball game held at the Rupert school grounds. Two members also qualified for the mile run scout race.

Eight boys of Troop 18 were making camp preparations during Monday night's session, with seven planning to attend. Discussions were held on camp equipment, and tenderfoot investiture ceremonies were held for Charles Boyer Jr., new member. Seven scouts from this troop were visitors at Shibe Park in Philadelphia the past Saturday where they witnessed their first big league game. Edward Jameson, scoutmaster, was in charge of the meeting.

Troop 7, St. Charles Methodist church, conducted a father-son outing Monday night at Chestnut Hills, a mile east of Harmonyville. Four scouts, three leaders, three fathers, and two committeemen were in attendance. The scouts cooked the evening meal for their fathers.

Troop members, with their parents will journey to Shibe park for a big league game on July 26, announced John Jacob scoutmaster. Plans are also being made for the boys to attend Camp Delmont the second week in August.

Regular session of Troop 1, Stowe, of St. Peter's Lutheran church and St. Paul's Reformed church, was held Monday night with the senior patrol leader, Laverne Gaugler, in charge. Sixteen members and two leaders were present, and plans were discussed for the troop's appearance at Camp Delmont later in the Summer.

# East Norriton Township Man Is Elected President of Electric Company's Board

H. B. BRYANS

N. E. FUNK

A Montgomery county man yesterday was elected president of the Philadelphia Electric company board of directors.

He was H. B. Bryans, a resident of East Norriton township. Executive vice president for some time, Bryans was elected to succeed Horace P. Liversidge, who had been president since 1938. Liversidge became chairman of the board.

At the same time, N. E. Funk, vice president in charge of engineering, was elected executive vice president and a member of the board of directors.

Bryans newly elected president, is a native of Philadelphia, was graduated from the University of Pennsylvania. He now lives on the Germantown pike just across DeKalb street, in East Norriton township.

# Gov. James Duff Promises Crackdown On Persons Hoping to Evade Cigaret Tax

HARRISBURG, June 24 (AP)—A grim warning against cigarette bootlegging was sounded by Gov. James H. Duff today in promising a crackdown on dealers and others who seek to evade payment of the Commonwealth's four cents a pack tax.

Charges of criminal conspiracy—conviction carries a maximum penalty of two years in jail and a \$500 fine—will be brought against violators, the executive told his news conference, adding:

"Those who insist upon engaging this action (cigaret tax evasion) run the risk of their trade, because we're going to make an example of them—no matter who they may be."

The Governor just yesterday signed a new law imposing a \$25 fine for the possession of each carton of 200 or more untaxed cigarettes. Still awaiting his approval is another measure enabling State police to search without warrant any business place or vehicle in the quest of untaxed smokes.

The Commonwealth has taken "official cognizance," he added, of reports that out-of-state mail order houses are sending untaxed cigarettes into Pennsylvania.

"It's my purpose to use all forces to stop it," he told reporters, mentioning the Federal Government will co-operate with the Commonwealth in penalizing the use of the mails to violate the State cigarette tax law.

The legislature recently boosted the tax from two to four cents on a pack of 20 cigarettes expected to bring in \$39,000,000 in the next two years.

The Governor also alluded to illicit liquor traffic, asserting the

# Japan-Washington Flight Planned by Air Force

PORT WORTH, Tex., June 24 (AP)—Nine B29 Superforts of the 8th Air Force which plan to make a one-stop flight from Japan to Washington Aug. 1, Air Force Day, left Port Worth Army Air field at 8 a.m. today for the 10,000-mile flight to Yokota airbase near Tokyo.

Lt Col Howard F. Hugos commanded the nine big battle planes of the 492nd squadron of the 7th group and their four auxiliary C54 transport ships which got away an hour later.

Aboard were 180 men of the squadron, who will have a month of training flights in the Japan protective zone before leaving on their return flight.

# Railroad Worker Held for Jury in Monocacy Murder

Cledith L. Johnson, 23, AWOL soldier who was accused of slaying Frank P. Haney, railroad section hand near the Monocacy railroad crossing on the night of June 13, was sent to Berks county prison yesterday morning to await grand jury action on a murder charge after a hearing before a Reading alderman.

Paul Kleinspehn, chief detective of Berks county, Charles M. Tulley, assistant county detective, and Pvt. Edmund DeLeo of the State police barracks, West Reading all of whom investigated the case from its beginning were called to testify, as well as Dr. Hunter Cook, Community General hospital pathologist.

Dr. Cook said that Haney's death was caused by strangulation, while Kleinspehn, prosecutor at the hearing, told of bringing Johnson back to Reading from Pottstown, where he was apprehended by Police Patrolmen Paul Bridgman and Stanley Borow, and obtaining from him a statement of the incidents leading to Haney's death.

In a general review of the murder, it was related how the body was found in a clump of bushes near the tracks and taken to a Birdsboro funeral home where a plastic belt was found around the neck.

After the witnesses' testimony was given, Alcorn Harry E. Castner announced that Johnson would be remanded to the prison to await action by the grand jury which is scheduled to convene during the first week of September.
